a. North Shore Redevelopment Master Plan Update

Mr. O'Toole said the release of the Request for Proposal was approved, and it went out to 30+ vendors. Jim O'Toole said this issue is getting a lot of attention. The RFP's are due back by October 2, 2008. The RFP was also posted at the Builders' Exchange. Mr. O'Toole is hoping to have a recommendation of the firm hired by the November Planning Commission Meeting, and then to the City Council for approval in December.
