We are a close-knit group of passionate professionals, enthusiastic learners, committed to assisting our clients in making great places for future generations. We focus on developing creative design solutions employing state of the art materials, design principles and best management practices. If you are interested in joining an award winning, fun loving group of collaborative professionals, please apply to join our team in our Traverse City or Ann Arbor offices:

CIVIL ENGINEER

Full-time Civil Engineer committed to being a collaborative member of a multi-disciplinary team of professionals interested in learning through participation with senior team members assisting with site engineering, construction engineering, utility design, stormwater management, and infrastructure planning.

Responsibilities:

- Assist team members with site engineering, construction engineering, utility design, stormwater management, and infrastructure planning
- Approach every project detail with creative, innovative and resourceful solutions to meet client needs within their budget parameters
- Incorporate low-impact development, green designs into stormwater management systems
- Coordinate with other disciplines including landscape architects, mechanical engineers, and electrical engineers
- Manage and perform technical design in AutoCAD Civil 3D
- Manage client relationships

Requirements:

- Bachelor's Degree in Civil Engineering
- Proficiency in AutoCAD Civil 3D, experience with HydroCAD a plus
- 5-10 years of civil engineering experience preferred, will consider candidates with limited experience who are passionate about the field and willing to grow and learn
- License preferred, but not required
- Strong work ethic and attention to detail
- Microsoft Office (Word, Excel, Outlook)
- Basic knowledge of BlueBeam preferred
- Experience observing the construction industry preferred
